Why not join us?

Aims ...

- Our membership is largely based in the independent sector but we want to share with and learn from our maintained sector colleagues.
- We want to be a natural channel of communication between teachers: a source of good, practical ideas; a way to disseminate best practice.
- We aim to offer an interesting range of courses each year complementing those offered by other organisations. Our courses will, above all, be friendly, practical, professional and good value for money.
- We run sporting activities, festivals and competitions.
- We aim to consider the spiritual, social and physical welfare of those receiving education in our schools.
- Above all, we are an enthusiastic, energetic organisation and we want everything we provide for our members to be stimulating and practical.

Our Website ...

Our "on-line" presence is developing fast: we aim to be the first stop for prep school teachers. Our site is a natural channel for dissemination of news, views and best practice for ALL teachers of children in Key Stages 1, 2 and 3.
